The blog is my private diary, www.drmyronevans.wordpress.com, and is accessible through www.aias.us and www.upitec.org. It has been read in 194 countries to date. There are 193 Member States of the United Nations and two Observer States. Combined sites and blog combined have been read in essentially all the countries and territories of the world (over two hundred of them). The readership of combined sites is recorded in many ways in the filtered statistics section of www.aias.us and has been steady at about three million hits a year since 2003.
