

## Russell Davis Hiring Announcement

Magnetic Miles LLC is pleased to announce that Mr. Russell Davis has joined our team as an R&D Engineer. Russell will be assuming a laboratory leadership role in the development of "nouveau" energy products featuring patented "Impulse Control Technology". Russell has over twenty years' experience in the electronics industry in both the electrical and software test engineering fields of study.

Magnetic Miles LLC is a research and development company located in Stuart, Florida. Their project has been ongoing for nearly 11 years and their team of engineers, scientists and patent attorneys have proven and patented nearly 30 United States and International patents for licensable low energy nuclear reaction (LENR) and nuclear waste remediation technologies (LENT). A complete patent listing follows this announcement.
