Mr. Ioan M. Richard,

SA6 5RH.

Dear Mr. Richard,

Thank you for your letter, dated 21/12/96, regarding **Y Byd ar Bedwar** (09/12/96).

The question of windfarming is obviously an emotive issue which has generated heated debate in many parts of Great Britain. As regards to the **Y Byd ar Bedwar** programme that you specifically mention, Mr Deryk Williams, Director of Programmes for S4C, has already said that he was aware of the strong feelings voiced by those for and against the particular wind power development at Talybont, and concluded that "...having viewed the programme by **Y Byd ar Bedwar** I am happy that both sides of the argument were given a fair and balanced treatment".

Your letter has been forwarded to HTV for their information.

On behalf of S4C, may I wish you a happy New Year - Blwyddyn Newydd Dda i chi.

Yours sincerely,

A handwritten signature in cursive script that reads 'Gethin Morgan'.
